A Brief Word from Principal Grill

We are living in extraordinary times. We are bravely combatting the worst pandemic since the Spanish flu. While families and community members have experienced immeasurable heartbreak this year, I hope there have been joyful moments to appreciate and be thankful for as this year draws to a close. I am thankful for each of my teachers and staff members that labor each day to provide meaningful learning experiences so students can continue to make progress. I am thankful for the parents/caregivers that have supported us during this journey. We are living in extraordinary times but what matters most are the bonds we maintain with our family, friends, and community.
