

Meet The Counselor

Mrs.
Hench

INTRODUCTION:

Hello, my name is Meghan Hench and I'm so excited so excited to join the Logan Family for this upcoming school year! I look forward to supporting your child, by helping them stay safe, happy, and healthy. I believe that students reach their fullest potential once their social, emotional, and physical needs are met, so that their academic growth can soar.

FUN FACT:

I taught 3rd grade for 5 years in Philadelphia before getting my master's degree from Temple in Counseling Psychology to be a school counselor.

ABOUT ME:

A little about me, I live in South Philly with my husband, dog and cat, and I love to cook and garden. My favorite thing to do when I was in elementary school was to read- and I love to bring that love of reading to every child I work with!
