

Ms. H

(Ms. Hendrickson)

About me:

I love the beach; it is the place I go to regroup. There is something about sitting on the sand and listening to the ocean waves that brings such calm to me. I also love to collect heart shaped rocks. I have been collecting ♥ rocks for a long time. Did you know that when you find a heart in nature, such as a rock shaped like a heart, it is a symbol of strength and love. When I'm not at the beach you will find me reading, being with family and friends and spending time in nature. I have been teaching for 22 years. In my teaching career I have taught kindergarten - 2nd grade. I have also been a literacy specialist as well as a Wilson reading instructor. I hope you have a fun relaxing summer break. I look forward to seeing all of you in September.

Supply List

- 2 Tissues
- Hand Sanitizer
- Roll of Paper Towels
- Wipes
- Box of 24 crayons
