I'm so excited so excited to be returning to the Logan Family for this school year! I look forward to supporting your child, by helping them stay safe, happy, and healthy. I believe that students reach their fullest potential once their social, emotional, and physical needs are met, so that their academic growth can soar.

About me

favorites

Color: Green
Drink: Lemonade
Candy: Skittles
Hobby: Gardening
Sport: Running
Food: Pasta
Animal: Dog

I live in South Philly with my husband, dog and 2 cats, and soon to be daughter!! I love to cook and garden. My favorite thing to do when I was in elementary school was to read- and I love to bring that love of reading to every child I work with! I taught 3rd grade for 5 years in Philadelphia before getting my master's degree from Temple in Counseling Psychology to be a school counselor.
