

Dear Students and Families,

Welcome to Room 312, the Intensive Learning Support classroom for grades 3-5! My name is Ms. Johnson and I am new to the Logan School community. I am extremely excited to start the 2023-2024 with you and your child(ren). I look forward to a happy, healthy, positive and productive school year.

I will begin my 10th year with the School District of Philadelphia this school year. I have been working with diverse learners for the last 15 years. I started my career in the Germantown Section of Philadelphia at Roosevelt Elementary for the first seven years and a Special Education teacher and Special Education Liaison. For the last two years, I have been at Potter Thomas in the Kensington Section of Philadelphia as a Special Education Compliance Monitor. I chose to go back into the classroom full time because I really miss having my own class and working with students daily.

The curriculum and instruction areas we will focus on this year include grade level subject matter for all academic areas, in addition to individual IEP goals and objectives. We will work on building strong relationships with each other and the school community on a daily basis. More importantly we will utilize Social and Emotional Learning lessons within our classroom.

Students are asked to bring the following supplies to school on their first day with their name labeled on the items:

- **(1) pair of headphones**
